

ROOF ABOVE

SHARED HOUSING MOVE-IN KITS

Shared Housing at Roof Above short-term housing program with a roommate. There are two main shared housing programs connected to our Men's Shelter: MeckHOME for working men, and LINK for elderly and disabled men on fixed incomes and waitlists for subsidized housing.

These programs lower barriers to housing and provide opportunities for housing stability by building skills to sustain long-term housing. For men in LINK, this means waiting for their subsidized housing in an apartment with case management instead of at the shelter. For men in MeckHOME, this could look like introducing roommates who split the cost or creating a positive foundation for living on one's own.
